Better Housing Drive Evokes Keen Interest

(By E. M. RECTOR)

The interest of the local public in Modernization Loans under Title 1 of the National Housing Act continues at unabated pace, and Bank of America officials are kept busy giving consideration to the many applications for loans being filed. With the advent of winter, householders are appreciating the need of adequate weather protection,—painting, roofing, weather boarding, additions or betterments of heating plants, covered porches, garage facilities, new bath rooms, etc.—and the Bank is exercising every effort to see that all eligible applications receive prompt and careful attention.

It is perhaps not fully appreciated that the Modernization loans constitute a somewhat revolutionary addition to American system of finance affording a much needed relief to a vast host of property owners. For the past fifteen years or more, easy facilities have existed for the purchase on installments of personal property, automobiles, pianos, radios, washing machines, and what you will. Homes, it is true, could be purchased throught Building and Loan Associations, but these loans are on a mortgage basis, involving considerable expense to the borrower.

With the advent of the Government's Modernization loans, a complete new service is afforded realty owners. A new tiled bath room, new hardwood floors for the house, or a new modern kitchen, perhaps —can be purchased on an installment basis spread over an ample period of time, on terms which would have caused the purchaser of a tin Lizzie a few years ago to smile. There is no payment down, title to property remains vested in the owner, without mortgage (save in exceptional cases), and the interest and service cost is much less than that of automobiles and personal property contracts. Payment is adjusted to a period of time commensurate with the borrower's earning power and equity in property. The fundamental exaction is that the loan be a character borrowing, the applicant must be able to demonstrate that he posses a good credit record in the community; and, of almost equal importance, that his income during the life of the loan will reasonably take care of the monthly installments. The amount of money which a property owner can save, net, after all living expenses, interest, taxes, etc., is obviously the guide for determination of what can be applied on monthly installments of a modernization loan.

And so, if prospective applicants for these new loans will fortify themselves with information on these factors before coming into the Bank, much time will be saved both for the applicant and the Bank officer. Also, an estimate by a contractor or supply firm or firms, of the material and labor incident to proposed improvement should be presented at time applcation is made.

Attention has heretofore been called to the fact that Title 1 of the Housing Act admits of loans through Banks for modernization and improvement of existing properties, but not for exclusively new construction. Titles 2 and 3 of the Housing Act, presumably for the financing of new properties, have not yet been announced by the Government, but it is expected that the details of these divisions of the Act will be made public before long.

QUARTZ GOLD CELEBRATION BEGINS SATURDAY

GRASS VALLEY, Oct. 25.—In pageant and song, Grass Valley will roll back 84 years to the time that George McNight found the outcrop of quartz gold that became the Gold Hill ledge and thus instituted the gold mining industry that remained the state's greatest for several decades and even surpassed the output and fame of the state's placer gold industry.

Native Daughters of the Golden West will present the pageant and sponsor the exercises at the Gold Hill Marker Sunday afternoon, Oct., 28. In addition to the pageant, old time dances, an address by Judge George L. Jones, the rendition of a three act early day drama "Lola (Montez) and Lotta (Crabtree,") band music and the awarding of historical essay contest winners, will find places on the program.

The Sunday afternoon exercise will complete the two-day distinctly Grass Valley fete. On Saturday, the Grass Valley Chamber of Commerce, who first instituted the Quartz Gold celebration four years ago, will stage the fourth cross-country race with an entry list of 25 athletes from San Francisco, Sacramento and nearby points; a Hallowe'en costume parade for school children in the early evening and the Quartz Ball with Chisolar's Gulch gambling den in connection at the Veterans Memorial Building during the evening.

EXCHANGE BACKS HIGH BUILDING STANDARDS HERE

The Nevada County Builders' Exchange, recently formed here, is a step forward in cooperative effort which has been sorely needed. This progressive organization is composed of reputable, licensed general contractors, plumbers, sheet metal workers, electricians, painters, paper hangers, plasterers, building material men, and others engaged in this type of work. Members are from Nevada City and Grass Valley and include nearly all business men and builders in this district.

The aim of this enterprising and public-spirited group is to organize as one body to improve the housing conditions in the neighbor cities. They advocate and work for any program for the civic good, such as the National Housing Act. Their aim is not to increase the cost of building but rather to employ newer and modern methods to the building and improving of the homes of the twin communities, and to make Nevada county a cleaner and more up to date place to live, with no raise in cost to the home owner to improve and modernize his property.

Above all, the Builders' Exchange is organized to prevent "chiseling" and cheap workmanship, with many unscrupulous workmen foist upon the unsuspecting and unknowing home owner. They stand directly behind a move to keep building standards high without higher cost to the property owner. The support of the community as a whole is solicited by these men, and it is hoped that all persons engaged in the building trades will soon join, if they have not already done so. At present the admission fee is only fifty cents per month, the regular dues, but after the 13th of November, the admission fee will be ten dollars.

At the last meeting on Tuesday night a permanent Board of Directors were organized. One member from each craft is represented. Paul I. Jenks is president, R. W. Rogers, vice president, Roy Madsen, treasurer and Jim Brown, secretary.

The Board of Directors is composed of the following: C. Beloud, J. G. Bennett, H. F. Kechely, E. H. Whitburn, Ray Menzies, Cliff Dowell, Tom Brown, Fred Foote, L. B. Vernon and G. O'Neill.

Robert G. Alderman, publicity man for Hatfield was in Nevada City yesterday. He came up to attend the Hatfield meeting in Grass Valley last night.

Nothing in New Deal More Popular Than House Loan Program

By H. M. L.

Nothing in the New Deal has proved more popular than the Federal Home Loan campaign. This is the concensus of opinion of editors and business men throughout the country.

For three or four years now, homes have been sadly neglected almost everywhere. In this city, however, over a year ago, a movement began to renovate, modernize, protect with paint and to expand among Nevada City home owners. The facilities for financing home improvement now made available under the Better Housing Program, have added impetus to this movement.

The fact that within the first few days of this program's opening, ten loans for home improvement were made by the Bank of America indicates the eagerness with which Nevada City home owners are availing themselves of this opportunity.

The large number of people seeking homes in Nevada county, has spurred many property owners to make their houses more comfortable, and higher rents in some cases more than offset the cost of the improvement.

Unemployment in the county is comparatively little. Two thousand miners steadily at work provide a payroll security for home improvement loans that few communities in California can offer.

In the southern end of the the county, there has been a considerable improvement in farming conditions. Fall prices for pears and grapes, while still below average, have shown an advance over recent years, and farmers are in a better position to make long delayed home improvements than at any time since the flush years that ended in 1929.

This is an opportunity for those who live in the gorgeous natural beauty of Nevada City to make their homes harmonize with their natural setting. Utility comes first by necessity, but after the baths, the porches and the extra rooms, have been built, after the roof has been repaired, it is pointed out, there still remains the gardens, the boundary hedges and fences, the sidewalks and street planting, that intelligently planned and cared for, add so much to the charm of home and community.

This latest fruit of the New Deal fosters and fortifies the inherent love of every man and woman in their home. Nevada City, when this phase of the great regeneration program is concluded, should present a bright and shining face to the world, for its own civic satisfaction and for the admiration of those who visit it.

PLANS FOR ARMISTICE DAY DISCUSSED AT HEGARTY POST NO. 130

Hague Thomas Hegarty Post No. 130 American Legion held a regular meeting Tuesday night. Routine business and discussion of preliminary plans for celebration of Armistice Day was followed by a social time.

An interesting plan for fuller attendance at meetings is on. It centers around a Jack Pot. Every member present puts a dime in the Jack Pot. A name is drawn from the entire membership of 146. If the person whose name is drawn is present he gets the pot—if absent his name is returned to the hat. The money remains in the pot. Next meeting every one present puts a dime in the Jack Pot, a name is drawn again, if person is present he takes the money, if not it goes to the Jack Pot. There is now ten dollars in the Jack Pot—so they are expecting a good crowd next meeting. The quota of membership for Hegarty Post is 161 and they hope to reach that goal before the year is up.

YELLOW DIAMOND PROPERTY

A small crew is moving and installing machinery at the Yellow Diamond mine at Indian Flat west of Nevada City. As soon as the machinery is up a cross cut will start to the ledge. It is the same ledge as that on the Garesio property where good ore is being mined. Phillip Chandler, of Berkeley is the owner and superintendent of the property.

MESSENGER TO BE PUBLISHED

The Mountain Messenger newspaper founded in '53 and third oldest paper in the state, is under lock and key as the latest step in the libel action brought by James Nugent, publisher of the Sierra Valley News, of Loyalton. Sheriff W. D. Johnson is in charge of the plant. He arranged for the paper to be published on Saturday. Thomas Bessler, printer and newspaper man, late of San Jose is in employed. All business pertaining to the paper is taken care of by the sheriff.

NEW 700 FOOT SHAFT AT MATTIE GOLD MINE

In the past eighteen months, the Mattie Gold Mining Company, below Grass Valley, has sunk a new 700 foot shaft on the old Alcalde ledge. The shaft was out of the ledge at the 600 foot level and a crosscut was driven from this level which was 480 feet below the old workings. E. C. Uren, mining engineer, of Nevada City, examined the ledge Thursday where good values continue.

The company plans to drift or develop to the north at the 600 foot level where three known shoots exist. Thousand of dollars have been spent in installation of machinery and development of this property. J. Berger is superintendent and has 12 men employed.

FIRST DISPLAY OF HIGH SCHOOL ARTS AND CRAFTS

In the Dickerman Drug Store window there is a display of leather craft, the work of the first class in arts and crafts of the Nevada City high school. This represents a most forward step in the curriculum of local school as the needs of the boy or girl of high school age are far more than is found in the purely academic subjects. They need to do and create, to experience that correlation of mind and hand that is found in the creative arts.

Parents will view with appreciation these first articles made in the arts and crafts department by the students. The display includes etched and stamped leather key cases and purses that are useful and artistic.

Arts and crafts and vocational training are outstanding units of the present day progressive schools.

A number of local people plan to make the trip to Palo Alto Saturday to see the Stnford-U. S. C. game.

HATFIELD TELLS OF BOYHOOD IN NEVADA CITY

An appreciation dinner was given George J. Hatfield, candidate for Lieutenant-Governor, at the National Hotel here last night. It was given by the non-partisan Merriam for Governor Club. About 53 persons attended the diner. Mr. J .F. Foley was the chairman in charge of the arrangements for the dinner. John O'Neill introduced Mr. Hatfield who was a schoolmate of his some time ago. Mr. Hatfield was raised and went to school in Nevada City. In his speech he spent most of his time remeniscing of the days when he used to attend the grammar and high school of this city. Later Mr. Hatfield spoke at a meeting at the Montez Theater, in Grass Valley.

HONOR CONFERRED ON R. L. P. BIGELOW BY PAST PRESIDENTS N. S. G. W.

At a meeting held in Marysville, on Saturday, October 24, R. L. P. Bigelow was elected Lieutenant Governor General of the Past Presidents organization of the N. S. G. W., from which he will automotically advance to the position of governor general of the organization.

For many years Mr. Bigelow has been an active member of Hydraulic Parlor No. 56, N. S. G. W., of which he is a past president, and a prominent member of Fred Greely Assembly of the Past President's Association. Next year he will be advanced to the highest position in that state-wide organization.

1934 IS THE MOST DANGEROUS FIRE SEASON IN YEARS

California's most dangerous forest fire season in ten years in considered at an end by U. S. Forest Service officials, and restrictions on travel because of hazardous conditions are being removed in many of the national forests. The northern forests are well soaked with rain and snow, and the south is safe except for a possible belated dry spell.

According to J. H. Price, assistant regional forester in charge of forest fire control, the summer of 1934 was characterized by lower humidity and higher winds than have been experienced since 1924, when a total of 1,932 fires burned 762,150 acres in the California national forests, costing $1,675,000 to suppress. In the past summer, in these same Federal forests, 2,054 fires burned 82,773 acres and the suppression cost was $244,943. Better organization and preparedness with the CCC. are given as reasons for the great reduction in acreage burned and costs in spite of an increased number of fires.

The CCC boys put in 179,926 man-days fighting fires in the national forests to September 30. The end of the fourth enrollment period came at the same time as the end of the fire season, disbanding many crack fire fighting units. Each CCC camp had a special fire crew ready for all times of the day or night, but the whole camp, or several camps, would often take part in a large fire.

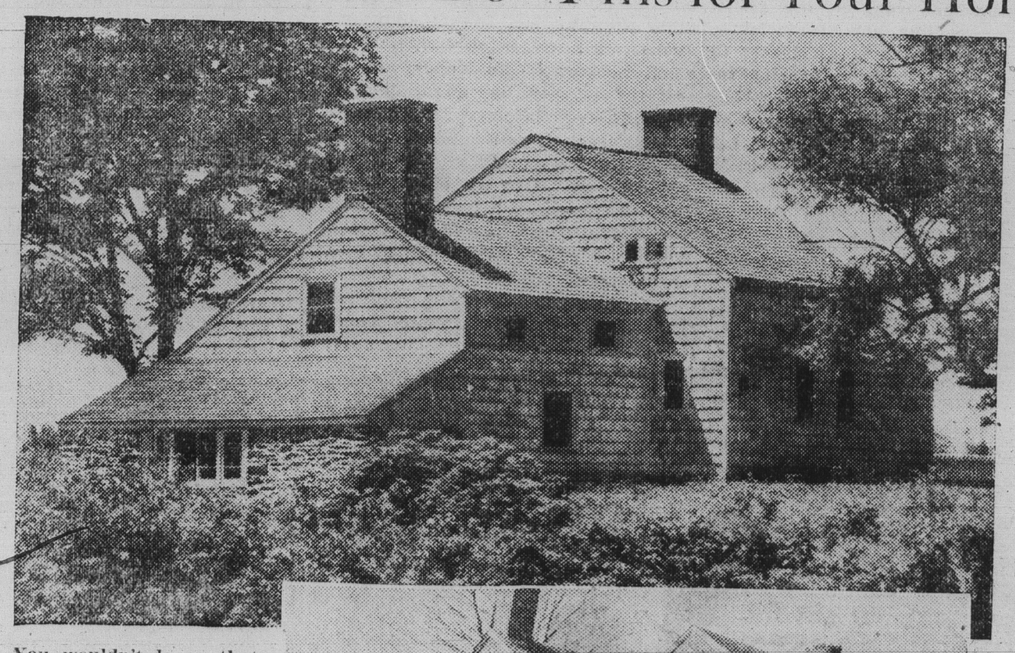
GRACEY GLENCOE

Mr. Cheney, who has come from below, is preparing to unwater the Gracie Glencoe mine shaft, which is south east of Nevada City. The P. G. & E. Co., installed transformers the first of the week and cut in a 150 horse power current. The property is completely equipped to start operation.

County Clerk R. N. McCormack, the John Arbogast estate and the A. Nivens estate, are owners of the ground and gave an option.

It is reported Mr. Cheney is to erect cottages on the property as he was not able to rent houses in Nevada City for himself and employees.

F.H.A. Loan Can Do This for Your Home



You wouldn't know that the modern farm-house above once was in the run-down condition that is shown at the right. These photographs illustrate what money wisely spent on modernizing will do to restore property values. And money for this work is now available in your locality.

DO IT BEFORE SNOW FLIES

Opportunity is today knocking at the doors of home owners everywhere in the United States. It is an opportunity as varied as humanity varies. The Federal government guaranteeing 20 per cent of all loans made by banks to home owners, makes it possible for you Mr. and Mrs. House Owner to—

(a) Paint that shabby house of yours inside and out.

(b) Build a new room, so that nobody in the family has to sleep on the couch in the living room.

(c) Modernize the Kitchen for Mother. God knows she needs it and deserves it.

(d) Build a terraced garden convenient to your living room.

(e) Give the home a new roof and stop catching water in pails and dishpans when the next rain comes.

(g) Do anything in the way of reasonable improvement old wash tub Saturday night off.

(f) Build a brand new modern bath room and give the of your home and living conditions and thank heaven for this chance to do it.

If every home owner will take advantage of this opportunity, it will help to bring back local and national well being.

BETWEEN THE LINES

By Alexander McNulty

CALIFORNIA POLITICS

To the observer, who is able to dispassiontately view the political drama in California from the side lines; the situation seems to have developed or degenerated into an hysterical frenzy of apprehension on the part of one side, whose key note seems to be 'stop Sinclair.'

If one can see the humorous side (and there is one), it is in part laughable. All efforts are being bent to shake the hold that Sinclair has undeniably taken upon the imagination of a great many California people. The opposition candidates waste little time in making promises as to what they will do if elected. Their entire interest seems to be in saving the people from the blind folly of electing a man that it seems a great many people believe they want elected.

From the results shown by the primary election by the various polls taken by radio broadcasting stations and by estimates by astute and experience political observers—the outlook until very recently gave the Democratic candidate an overwhelming advantage. Since then however, a veritable deluge of opposition has been let loose upon Sinclair. The great newspapers of California, the Los Angeles Times and the Hearst papers are the loudest in their denunciations. In the case of the Hearst papers, their most important editorial and financial writers are being used to arouse the bogey of fear as to what consequences the State may expect if Sinclair is elected. One of the bogies put forth is that if Sinclair is elected, a large part of the moving picture industry will abandon California for Florida—another is that capital will flee from California.

Various organizations have let loose a flood of pamphlets quoting from Sinclair's numerous books and purporting to prove him as an advocate of everything from bloody revolution to free-love. Among other things he is depicted as an atheiest, an anti-Christ and a blasphemous infidel.

On the other hand, we read of the so-called 'leftist' organizations, the Socialists, the Communists, etc., exorcising Sinclair as a traitor to their cause and disowning him. Again from a critical standpoint, we see one of the original Washington brain-trusters, Raymond Moley, seriously questioning some of Sinclair's most radical politics in an editorial in the magazine TODAY.

Against all this thunder and frenzy of propaganda is the fact that the most astute and hard-headed of the Democratic old line politicians are solidly behind Sinclair—those who have no political axes to grind in the affair are keeping religion out of it. The contest has aroused national interest to such an extent that the Literary Digest has sen a million secret ballots into California to take a poll of the situation.

Whatever the outcome will be, this writer will not hazard a guess, but whatever it is—the consequences will be interesting.

1934-1935 TAX STATEMENTS OUT

Tax statements have been mailed by County Tax Collector Frank Steel to 4,126 persons in the county. The first installment of taxes are due on November 1st and delinquent on April 20th, 1935.

The Quest

A vagrant breeze goes straying
Across the landscape fair;
It whispers in the tree tops
And loiters here and there;
It rustles through the grasses
And flies across the fen—
It cannot rest until it finds
The little homes of men.

And when at length it finds one,
It breathes a happy song,
And quickly through the portals
It slips and glides along;
With eager, fairy fingers,
It sways each open door,
And dances in the sunlight
That lies upon the floor.

A while it seems to listen—
Then, with a whispering sigh,
It joins its eerie laughter
With mother's lullaby;
And rising, oh so gently,
In little whiffs and swirls,
It toys for just a moment
With baby's golden curls.

Our eager thoughts go straying
Across the shining world,
They fly from mountains hoary
To shores with white waves pearled;
They seek the caves of ocean,
They walk among the stars,
But rest and peace and love they find
Behind Home's window bars.

—A. Merriam Conner.

From Aunt Sarah

As the weather gets cold we begin to think more of the hot juicy roasts and pot roasts that we used so much in winter time and of the relishes to go with them. Bell peppers are still in the market and are the chief ingredient in Pepper Hash which gives a tang to meat courses.

Pepper Hash

12 red Bell Peppers.
12 green Bell Peppers.
4 large onions.

Run through meat grinder, cover with boiling water, let stand ten minutes then drain. Cover again with boiling water, let stand ten minutes and drain off water again. Then add three level tablespoonfuls salt, one and a half pint vinegar and two cups sugar. Cook fifteen minutes and seal.

This is a pretty relish and adds to the attractiveness of the meal.

P. G. AND E. SPECIAL RATE REDUCTION

Announcement of a new reduced rate for electricity that will offer a bargain price on all increased use of current to more than 450,0000 residential and commercial lighting consumers was made today by Pacific Gas and Electric Company through P. M. Downing, vice president and general manager.

The new rate, applying to the entire P. G. and E., system, will offer a 50 per cent discount on all electricity used in any one month in excess of the amount used in the corresponding month of the preceding year, provided the consumer occupies the same premises. It becomes operative immediately following December meter readings and continues in force for one year.

"The rate may perhaps be better understood by example," said Downing. "Let us say that a customer's bill for January, 1934, was $3.00. Since then he has bought additional appliances such as a refrigerator, a small heater, or an ironer, and his cost for current has about doubled. His bill for January, 1935, under regular rates, would be $6.00. But under this new rate, he gets a half-off price on all of the bill above $3. Instead therefore of paying $6.00 he would pay but $4.50. In other words, he gets $3.00 worth of extra electricity for $1.50."

According to Downing, this rate has been created after many months of seeking for a plan to dispose of the large volume of surplus power now existing on the P. G and E. system. It is this surplus power which the customer will now have opportunity to purchase at the lowest price the company has ever been able to offer.

No matter how small may be the consumer's average bill, asserts Mr. Downing, he still may profit by the new rate offer. Thousands of people have used electricity sparingly during the past two or three years as a measure of economy. Now lights that have been turned off can be kept burning and appliances that have been retired from use can be brought off the shelves without any noticeable additional increase in bills.

Primarily, however, the rate has been created as an additional measure of cooperation with the Federal Housing Act authorities. It is expected greatly to stimulate purchase of electrical appliances under the government loan plan, as operating costs for such appliances will be squarely in half.

Electric rates, as pointed out by Downing, are determined as to their general level by the liberality with which electricity is used. He anticipates that this special bargain offer will so stimulate use that a reduction in the general schedule will shortly be justified.

NORTH SAN JUAN

By MRS. F. M. HARRIS

NORTH SAN JUAN, Oct. 24.—Cards have been received announcing the birth of Robert Leer, on Oct. 10, to Mr. and Mrs. Lee Younger, at Medford, Oregon. Mrs. Younger was formerly Marguerite Rodgers, a niece of Mr. John Rodgers and Mrs. Lillian McCullough and has many friends here.

W. E. Moulton reports that a number of mining men are looking up ledges in the San Juan and French Corral mining districts.

Bain Crawford and family are visiting Mr. and Mrs. Slankard, of Santa Barbara are spending some time at their home in town which they purchased from Mr. R. Kerr something over a year ago. They are putting a new roof on their home.

Mr. and Mrs. Ray Worley, of Berkeley, are visiting Mrs. Worley's parents, Mr. and Mrs. Slankard.

The Ladies' Aid met on October 18 at the home of Mr. and Mrs. J. C. Lyser, of the San Juan mine. A number of guests were also present among them being Mr. H. H. Buckner, Mrs. Eden and Addison Janes, of Nevada City. Mr. Janes had charge of the Nevada City swimming pool last season. Further guests were Mrs. Reader and Mrs. Marshall of Sweetland. A cafetria lunch was partaken of at noon, later Mr. Buckner showed some moving pictures which were very interesting to all. A walk about the mine followed and after some radio music the social broke up and all expressed a very enjoyable time and an appreciation of the hospitality of Mr. and Mrs. Lyser.

C. M. Ivey and family, of Chico, spent the last week end in Nevada City visiting at the home of Mr. Ivey's mother and aunts, Mrs. Libby Shields and Miss Alice Langman.

OLD SHAFT OPENED

George M. Icard, a native of Nevada county, who has been in the Phillippine Islands for several years, has returned home to reopen old mining shafts on his fathers property west of Grass Valley.

A prospect shaft is being sunk by a few men on the Abe Lincoln vein named after the president in office when the first shaft was sunk. A gas hoist is being used.

A tunnel is being driven west on the Deer Creek water level, to cut a vein about 1,000 fete from the mouth, while at the westerly end a new tunnel has been driven 220 feet near the bed of Deer Creek.

Good ore has been mined on the property which lies near the Empress and Black Bear properties.

NEW MINING BOARD HAS 6 POINT PROGRAM

The recently appointed California State Mining Board will report soon to Governor Merriam on a six-point program to rehabilitate mining, create employment, and increase purchasing power.

A cross-section of opinion from all mining interests in California will be obtained in connection with the following points:

1. To separate a Mineral Resources division from the existing Department of Mineral Resources.

2. If adequate mining inspection is not provided, whether greater efficiency can be obtained by having a Department of Mineral Resources, separate from the present Industrial Accident Commission.

3. Reason for high compensation insurance premiums in mines and how to reduce them.

4. Closer cooperation between prospectors and a Department of Mineral Resources.

5. Can the State Mining Board act as intermediary in labor disputes.

6. Recommend road construction to provide good transportation to mining sections.

The California board, mentioned editorially that it is well qualified to study the problems presented.

ZEIBRIGHT MINE

The Zeibright mine in Bear Valley, near Emigrant Gap has had the new 150 ton mill in operation for the past month. About 30 men are employed at present in developing the property. This mine is under the supervision of the Newmont Mining Company, which is operating several mines in this district. Among them being the Murchie and North Star-Empire.

JACK CAMPBELL, POTATO KING

This week Jack Campbell presented the Nugget office with a sample of the late Rose potatoes grown in his yard on Piety Hill.

Both were large, the largest weighing 1 pound 13 ounces. He stated a large number of the potatoes weighed over two pounds. A hill picked at random produced four and three quarter pounds of potatoes. On the plot of ground which was 40 by 80 feet, Mr. Campbell produced 14 sacks of potatoes.

POLITICAL ADVERTISEMENT

Carl J. Tobiassen

CANDIDATE FOR ELECTION TO THE

OFFICE OF SHERIFF

The "native son who made good" can rightly be used in the description of Carl Tobiassen, candidate for the office of Sheriff of Nevada County at the coming General Election, on Tuesday, November 6, 1934. It cannot be said of Carl Tobiassen that he has been spectacular in his accomplishments. His rise to prominence has been steady and sure. He has been conscientious at all times in pursuance of his duties and obligations, both personal and civic.

In announcing his platform for election to the office of Sheriff, shortly after his nomination, Mr. Tobiassen stated **"Equality in the enforcement of all laws is my simple platform. If elected I will conduct the office in a manner becoming to the county, from a standpoint of both efficiency and economy."**

Fearing no one, yet preserving a friendly attitude to all who seek his aid, Mr. Tobiassen further states that he will play no favorites if he is named sheriff by the voters of this county November 6th. Mr. Tobiassen has studied the duties and qualifications of the Sheriff's office, and believes himself fully qualified.

My campaign is NOT sponsored by former officials. Free from all forces of politics around me, I will maintain capable assistants chosen from the field of Nevada county men.

This candidate for Sheriff has "grown up in Nevada county from the ground up." Born and raised here he attended the public schools and gained the education which afforded him employment in farming, mining, state highway work and farm supervisor. Mr. Tobiassen was found a capable and expert miner through several years spent in working at.... various producers. His ability as a farmer and stockman is recognized and respected. For some time he was engaged in highway work which gave him a generous insight in the activities of county road betterment and the problems of the rural residents.

For the past ten years he has held the position as manager of the Nevada County Farm, a valuable asset to the county's properties.

Mr. Tobiassen is a 'family man' in every sense of the word. He is married and the father of five fine youngsters of whom he is justly proud.

If elected to the office of Sheriff this candidate promises his full and untiring efforts toward preservation of law and order and pledges protection of body and property against crime and lawlessness.

RED CROSS RELIEF GIVEN TO VICTIMS IN 103 DISASTERS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

A history of the disasters in the United States in any year is written annually by the American Red Cross, according to Chairman John Barton Payne, commenting on the report for the year ending June 30, 1934, which has just been issued in Washington.

"Because of the charter provision which places upon the Red Cross the responsibility for disaster relief, our chapter and staff workers are notified of all calamities of storm and fire and flood," he continued. "The emergency period may prove to be brief, in cases where the victims have their own resources to draw on. While it lasts, however, whether it brings the immediate need of food, clothing and shelter for the homeless, or entails a program of investigation and rehabilitation, the Red Cross is the official director of all relief."

A great variation in type, and a wide geographical distribution, characterize the 103 disasters reported last year. Tornadoes, hurricanes, hailstorms and other storms made up almost one half of the total. Especially numerous were the tropical storms which swept in from the sea to the Atlantic and Gulf Coast region. There were 21 storms of this type, establishing a new record for frequency.

Next in number to storms were disasters of fire, the report shows. Red Cross aid was given following 25 fires in the United States and insular possessions. The most spectacular was the Chicago stockyards fire, where Red Cross workers arrived shortly after the fire started, administering relief until the emergency period passed, giving first aid to about 1,000 persons.

Floods caused serious damage in some sections, 17 calling for Red Cross relief. Three explosions were reported, and three epidemics of malaria and typhoid fever. A school bus wreck was one of the year's tragedies for which Red Cross funds were needed for relief and rehabilitation.

"Technique acquired by the Red Cross in these disasters and the hundreds of others we have handled is at the service of the public," Chairman Payne said. "To make this possible the disaster relief service has issued a manual containing instructions for chapters interested in advance preparations for emergencies. Disaster institues were held last year in 28 strategic locations, to enable Red Cross and civic workers to formulate plans for possible disaster emergencies in their communities."

Support of the disaster relief activities of the Red Cross comes from the annual roll call held each year from Armistice Day to Thanksgiving Day.

Trained to Save Lives

First aid certificates were issued by the Red Cross last year to 130,972 persons who finished the course of instruction put on by the chapters. Included in this list were more than 70,000 foremen, time clerks and other key employes on Federal Civil Works projects. Further evidence of the government's endorsement of the first aid program is found in projects now under way where Red Cross chapters, at the request of the War Department, are giving first aid instruction in CCC camps. Where it has been requested by Army engineers the same instruction is also made available to key men working on federal water conservancy and flood control projects.

War Veterans' Problems Increase

Last year American Red Cross chapters dealt with the problems of nearly 400,000 veterans and their families. The workers find that as the years go on their responsibility increases rather than decreases. Changes in legislation, the increasing age of veterans and the consequent increase in physical ills, bring new needs for sympathetic treatment by trained Red Cross workers. In addition to this service to veterans the Red Cross served as the official medium between the people and the men in military and naval service, giving aid through this service last year to 6,979 men in the army, navy and marine corps.

BLUE POINT GRAVEL PROPERTY

The Blue Point gravel mine, at Smartsville, is employing 30 men, who are working on development of the property. A separate crew is starting the installation of the 100 ton gravel plant which was ordered by the company a few weeks ago. Mr. Sundeen is superintendent. Milton Paine, a former engineering officer of the regular army during the World War, is general manager. The Blue Point gravel mining property is a subsidiary of the Tintic Standard, of Utah.

NEW KITCHEN CHARM IS READILY PLANNED

Added Conveniences and Better Lighting Ease the Daily Tasks of the Housewife

Drab, dingy kitchens make a veritable ordeal of the task of preparing meals Particularly is this true when the kitchen has a poor arrangement of equipment and is lacking up-to date facilities for the housewife Kitchens of this type usually are those that were built years ago, before the modern kitchen improvements were available. Any old kitchen, no matter how great its shortcomings, can be transformed into a place of beauty and charm, and made comfortable and convenient. Why not include such a project as your part of Nevada county's Better Housing Program, now under way.

If there is not enough natural light, windows can be enlarged or additional ones installed. Darkness can be further dispelled by placing a drop light over the stove or in other places where there is not sufficient light.

Cupboards, cabinets, shelves and bins can be built to provide for convenient storage of food, cooking utensils and dishes. If there is unutilized space beneath the drain board or the sink it can be used for a vegetable bin, and perhaps save many steps to the back porch or the basement. Serving dishes stored in the old-fashioned cupboard in the dining room can just as well be placed in twin cupboards at each side above the sink.

At the right are actual photographs of a kitchen before and after modernizing. The new kitchen has all the latest conveniences: Built-in cabinets, built-in sink with large shelves and drain at a most convenient height, colorful linoleum floor, tile walls, built-in light above the sink, an automatic cooking range, mechanical refrigerator, built-in broom closet and ironing board—and other conveniences.

How nice it is to have a place for everything, with no unsightly open racks or shelves as in the photograph of the old kitchen above.

What a pleasure it is to prepare a meal in a room like this!

You can buy a new kitchen now without down payment and on easy monthly terms through credit facilities opened up by the National Housing Act. Ask your local bank or other financial institution cooperating with the Federal Housing Administration about their loans for modernizing.

Mrs. H. H. Buckner, who has been quite ill, is showing some improvement which will be good news to her friends.

NOTICE OF SALE OF TRACTOR TO SATISFY LIEN

Notice is hereby given that under the provisions of Sections 3051 and 3052 of the Civil Code of California, on Friday, the 9th day of November, 1934, at 10 o'clock A. M., at the place of business of Pete Andreotti, Hills Flat, Grass Valley, California, the undersigned will sell at pubic auction to the highest bidder for cash in lawful money of the U. S., the following personal property:

One 60 horse power Best Tractor or caterpillar, Model No. 773, Motor No. 973A, owned by the You Bet Mining Company, Ogden Chase, manager, whose address is Bret Harte Inn, Grass Valley, California.

Said sale will be made to satisfy a lien thereon for storage in the sum of $60.00, for one year ending October 1, 1934.

PETE ANDREOTTI,
Leinor.

First Pub. October 19, 1934.
Second Pub. October 22, 1934.

SUMMONS

N THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

JENNIE HANSEN, Plaintiff, vs. B. IGNACIO ORTEGA, Defendant.

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the Complaint filed in the office of Clerk of said County of Nevada, E. H. ARMSTRONG, Attorney for Plaintiff.

The People of the State of California Send Greetings to B. IGNACIO ORTEGA, Defendant:

YOU ARE HEREBY DIRECTED TO APPEAR, and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of Nevada within ten days after the service on you of this summons—if served within this county; or within thirty days if served elsewhere.

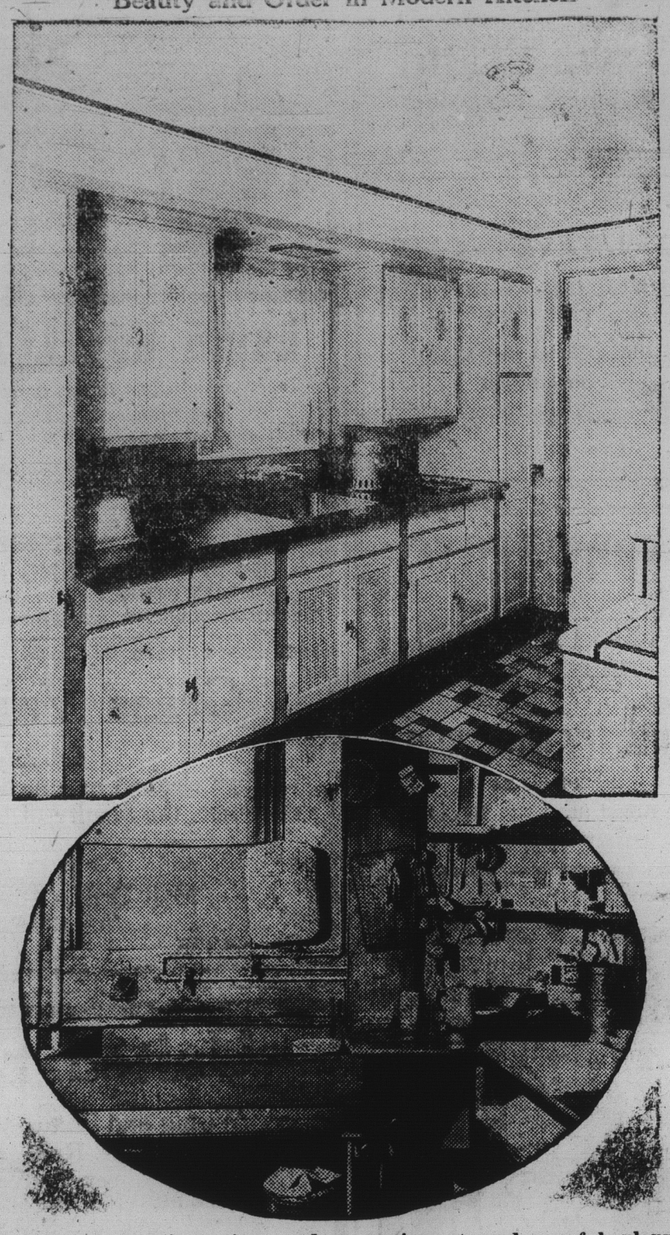
And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and seal of the Superior Court of the State of California in and for the County of Nevada, this 5th day of September A. D. 1934.

R. N. McCORMACK, Clerk,
By R. E. DEEBLE, Deputy Clerk.

Pub. Sept. 21 28, Oct. 5, 12, 19, 26, Nov. 2, 9.

Beauty and Order in Modern Kitchen



What a transformation modern equipment and careful planning wrought in the old kitchen pictured above. The photographs are actual ones and illustrate how even the oldest kitchen may be brought up to date.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Oct. 23.—Fred J. Harges, of Newcastle, was in this place a few days ago, on business.

Louis Williams, of Dobbins, was in town last week visiting relatives.

Fred Stalcup has returned from Grass Valley where he spent three months at the Jones Memorial hospital, with a dislocated hip. He is much improved, and hoped to return to work in a short time.

Miller McBride, of Yuba City, was in town Friday on a short business visit.

Hank Smith, of Grass Valley, was a business visitor in this section Friday.

William O. Grant returned Friday from a business visit of two days to the lower country.

Ray Knickrem passed through Friday from Mohawk enroute to the bay section, after spending his vacation at Mohawk.

William A. Lang motored to Sacramento Friday on a brief business visit.

Evan W. Thomas, of Downieville, was in town Monday on a brief business visit.

Fred Joubert motored to Nevada City Saturday on a brief business trip.

The local Forest Service headquarters has taken on the winter schedule and Telephone Dispatcher A. H. Behrens has moved to his home on Oregon Creek for the winter .

Mr. and Mrs. Chester U. Hanson, who spent the past week visiting his parents, left Saturday for Los Angeles before returning to their home in the state of Washington.

MANY SNIPERS LEAV STREAMS

The usual exodus of snipers, preceeding the winter storms, has started, many of them passing through Nevada City enroute to warmer districts. Snow fell in the Washington district, where a number came from, and the heavy rains brought many in from South Yuba river. On Oregon Creek it seems there are only one or two left. Some of the old timers with cabins, are remaining on these streams throughout the winter.

WASHINGTON NEWS

By MRS. CLYDE COLE

WASHINGTON, Oct. 22.— Mr. and Mrs. Sesturner and daughter were visitors over last week end, their home is in Oakland.

Mr. E. A. Langford, of San Rafael one of the owners of the Red Ledge mine, is spending some time in Washington on business.

Mr. Martin Vanberg, of the Artic mine, was a visitor in Nevada City on Thursday.

Mrs. Jack Still, of Nevada City, passed through town Friday on a trip to the Eagle Bird mine.

Some heavy equipment has been taken to the Spanish mine by the P. G. & E., trucks during the past few days.

Mr. and Mrs. A. B. Jones, of Kettleman Hills, were recent visitors of Mr. and Mrs. Charles Bley. Mrs. Jones is a niece of Mrs. Bley.

REOPENING ALASKA MINE REVIVES GHOST TOWN

CAMPTONVILLE, Oct. 24.—The town of Pike City, which for the past twenty-five years, has been a ghost town, is slowly coming to live with the reopening of the Alaska mine. This typical mining camp, which at one time glowed with its many saloons, hotels, stores, etc., came to nothing except a post office and a school. With the resumption of the Alaska, several families have moved in, every house in town is occupied, and the first business is being opened by John Conner, of Alleghany, who has purchased a place and is opening a beer garden. The Alaska is considered one of the best quartz mines in this section, and its reopening will stimulate considerable activity.

PUNTS AND FUMBLES

By G. W. L.

It looks as though the field goal is to become mightier than the touch-down in gridiron circles. Two major coast teams won their games by the sole margin of three points in last Saturday's games. California won from its little brother U. C. L. A. 3-0, by the toe of the dependable Arleigh Williams in the middle of the last quarter, when Williams booted one through the goal posts from the 15 yard line. The Bruins had been doing some fair country ball playing against Cal., in fact had been able to do everything but score, so Californians can give credit to Williams for saving the Bears from a scoreless tie.

Over in Kezar Stadium the Stanford Indians were having much the same kind of a time with the S. F. U. Dons, who were decidely obstinate about giving the Indians a score until late in the fourth quarter, when Monk Moscrip booted a field goal from the Don's 17 yard line to put the game on ice for Dear Old Stanford.

At Los Angeles the Trojans again were more or less upset by a 6-6 tie with Oregon State, after holding a six-point lead for about 55 minutes of the game. The Beavers fired a pass late in the last quarter to score a touch down and knot the score. The conversion point failed, but U. S. C., was again wondering when they were going to break into the win column for a change.

Next Saturday the Golden Bears journey to Washington to meet the Washington Huskies in a conference game. Jimmy Phelan and his men are anxious to avenge their 33-0 defeat of last year at the hands of the Bears. At the same time the Trojans will be meeting Stanford at Palo Alto. The Trojans have sworn mighty oaths to beat Stanford and finally win a game, just for the novelty of the thing. Whether or not they can crack the strong Stanford line and spring Warburton in the clear seems doubtful at the present writing, on U. S. C's season showing to date.

However, we predict that Stanford will defeat the Trojans by two touch downs on Saturday, while the Bears will lose a hard-fought battle to the Huskies at Seattle. Maybe these predictions will raise our batting average a rifle,—and maybe not! !

NEW LOAN PLAN WILL BENEFIT FARM HOMES

Other Rural Property Also Eligible for Better Housing Program Financing, Chairman Says

SEVERAL YEARS TO PAY

Survey Shows Country Places in Need of Many Important Improvements

"Our farmers and people living in the smallest communities will benefit as much as the city dweller from the Better Housing Program," was the comment today of Mr. F. F. Cassidy, chairman of the local campaign committee, in stressing the wide scope of Title 1 of the National Housing Act.

"We have learned through the United States epartment of Agriculture," he said, "that out of every 100 farmhouses, probably 50 are under the desired standard of livability; that 15 need new foundations; 15 to 20, new roofs; 10 to 15, new floors; 10, new walls; and a large number lack running water and bath facilities.

"This modernization program offers the farmer the same means of bringing his property up to modern standards—also, of improving his barns and other buildings—as is given the city home owner.

"Under this plan, the money for such improvements is available through a local approved financial institution as a character loan, payable by farming-income seasons over a period of 3, and in certain cases, 5, years. The borrower is fully protected from excessive financing charges.

"Here is a brief outline of the procedure:

"1. A modernization loan is solely for the purpose of repairing, alterating, or improving the farm home, barn, silo, shop, store, or other building (with deepening or digging wells permissable in drought-stricken states). Diversion of the money to any other purpose is prohibited.

"2. The loan cannot be for less than $100 or for more than $2,000. In addition, the borrower must have a regular source of income equal to at least five times the annual payments.

"3. The loans can be made for a term up to 3 years (5 years in special cases), but may be paid in full earlier than the maturity date if the borrower desires.

"4. Maximum charges, including interest and all fees, cannot exceed an amount equivalent to $5 discount per year per $100 original face amount of the note.

"5. The property owner files a property owner's credit statement with the bank, showing his financial condition, sources and amount of income and other information necessary to determine his ability to repay the loan.

"If the bank considers the improvements advisable, and the property owner able to meet the payments when due, it can advance the money on the personal note of the property owner. No endorsers or cosigners are required, and no mortgage or collateral security is necessary, unless state laws or bank officials demand it."

Beautiful Homes Now For People on Farms As Well As in Cities

BALD MOUNTAIN MINE GETS READY FOR WINTER

The Bald Mountain gravel property, at Forest City, above Alleghany, has eleven men employed, three shifts driving a tunnel in which they expect to strike a rich old channel at about Christmas time. They are now in 3,300 feet and have uncovered three rich quartz ledges, the largest being seven feet wide and assaying $20 per ton.

A large building houses the blacksmith and repair shop. The main entrance to the mine has been housed in and a covering built over the dump to keep snow off the tracks. Owing to heavy winter snows, all buildings are heavily timbered. T. W. Powers, of San Jose, is developing the property and has Mr. Scott employed as superintendent.

This property was in operation over 70 years ago and several millions of dollars taken out. Many old hand hewn timbers are in perfect shape today. It was worked as a gravel property and several miles of tunnels were driven. One tunnel connects Alleghany and Forest City. When the snows are deep or a storm is on, mail is carried through the tunnel.

By those who have seen the property it is considered the best equipped and most modern of Sierra county mines.

WANTED—Clean rags at the Nugget Office.

HIGH SCHOOL ASSEMBLY

A third period assembly was held in the high school last Friday for the purpose of hearing a delegation of Grass Valley high school students headed by Principal Spiess. The delegation came from Grass Valley to advertise the Grass Valley High School's Annual Stunt Nite. The delegation consisted of Marian Temply, who told of the stunts, one from each class; Bob Sutherland, who told of the concessions; and Annabelle Lopez, who told of a new feature—the Chinese tea garden.

Miss Florence Genasci and uncle, Will Genasci, have just returned from Ellensburg, Washington, where they were called on account of the death of Mr. Genasci's sister. They remained for a month and visited several relatives.

Mr. and Mrs. C. M. Brown were surprised by friends from Monterey on Monday evening. Mrs. Brown's brother, Mr. Carl Dolter, and Mr. and Mrs. Harvey Deal motored here to see them. Mrs. Deal is Mrs. Brown's niece.

WANTED—Clean rags at the Nugget Office.

TELEPHONE LINES TO GOODYEAR BAR AND NORTH BLOOMFIELD

CAMPTONVILLE, Oct. 24.—The Forest Service is preparing a camp o ntheir newly acquired property on Main street, below the store, for a CCC camp to spend several winter months here completing the work on the government buildings, erect a fence along the property, and to work on construction of two new telephone lines, one from here to Goodyear's Bar and the other from here to North Bloomfield. Accomodations are being made for about 40 men. The boys in this camp will be from the states of New York and Washington.

Forest Ranger Frank W. Meggers is directing the improvement work that is to be done.

Young Lady (just operated on for appendicitis): "Oh, Doctor, will the scar show?"

Doctor: "Not if you're careful."

Young Wife: "Oh, I'm so miserable. My husband has been out all the evening, and I haven't the faintest idea where he is."

Experienced Friend: "My dear, you mustn't worry. You'd probably be twice as miserable if you did know."

BUILDINGS NEAR COMPLETION

The two large new buildings being constructed in Nevada City are rapidly nearing completion and will be ready for occupancy in a very short time.

The Bank of America building has been given a coat of dark cream color paint, the wiring of the big building started this week. A cement sidewalk on Broad street was completed Thursday. As soon as the interior is cleaned up the electrical fixtures will be installed.

The interior of the John Tognarelli building on lower Broad street is being rapidly rushed to completion with the laying of floors and building of display windows.

BIRTH

BORN—To Mr. and Mrs. H. H. Helgren, of Washington, Wednesday, October 23, a son, weighing nine and one half pounds. Dr. E. W. Hummelt was the attending physician.

NEW ACTIVITY REGIME AT THE HIGH SCHOOL

Principal H. C. Kjorlie called an assembly Wednesday afternoon for the purpose of hearing several spakers on The National Housing Program, was explained by Mrs. Kjorlie, who is a member of the County Executive Committee for the Housing Program. Mrs. Heffelfinger, county health nurse, introduced Miss Woodward Educational Director of the California Association for the Prevention of Tuberculosis, who at this time spoke on the care of the teeth.

Mr. Kjorlie explained a proposed activity period to be held on a regular monthly schedule, and to provide school time for every form of organization activity. The plan included: Searchlight Staff and Quill Staff meetings, Honor Society, Boy Scouts, Photo Club, Girls' Association, Block N. C. and all other high school activities. It would call for a twelve minute longer school day—school to start at 8:33 instead of 8:35 and to close at 3:34 instead of 3:24 as heretofore. The noon period would also be shortened.

This plan was approved by the student body and is to go into effect starting next Monday.

HAND CAUGHT IN WRINGER

Mrs. Mike Flynn, of Upper Broad street, caught her hand in her electric clothes wringer last Saturday and almost tore her tumb off in extracting her hand. She hurried to the office of Dr. P. W. Hummelt, where fourteen stitches were taken to sew up the wound.

WANTED—Clean rags at the Nugget Office.

YELLOW JACKETS WILL PLAY G. V. MINERS AT THREE O'CLOCK TODAY

PSEA ANNUAL BUCK STEW ON SAT., OCTOBER 27

On Saturday evening, October 27, members of the Pacific Service Employee's Association will gather at the Elk's hall, Grass Valley, for their Fourteenth Annual Buck Stew. This event which was inauguarted by Dan C. Stewart in 1920, proves each year to be the most popular social function of the many conducted by the Public Utility Organization.

Members and their families and guests will come to Grass Valley from all points of Drum Division, which covers portions of five counties in this area. They will come from Drum, Spaulding, Auburn, Roseville, Alleghany, and Downieville. Attendance at the dinner will be limited to the members and their immediate friends, and admittance will be by invitation only.

The stew consisting of two good sized bucks, cooked and seasoned by Charles Walker, of Auburn, will be served at 6:30 p. m. After the dinner, which will be presided over by Section Chairman Ed Jackson, of Auburn, a program of entertainment consisting of ten vaudeville numbers, has been arranged to be followed by dancing until the small hours of the morning. The committee in charge of the arrangements will be headed by Dan C. Stewart, of Grass Valley.

PAST PRESIDENTS TO MEET

The Past Presidents Association, of Laurel Parlor, N. D. G. W., are to meet at the home of Mrs. J. P. Muscardini on Sacramento street this evening.

It is to be in the nature of a Hallowe'en party. Cards will be the diversion of the evening. Refreshments are to be served at a prettily appointed table decorated in Hallowe'en motifs and brilliant autumn flowers.

A. F. THORE OPERATED ON

A. F. Thore, farmer of the Cherokee district, north of Nevada City, was operated upon at the Nevada City Sanitarium Monday for a gangrenous appendix by Dr. B. W. Hummelt. He is making a good recovery.

Personal

C. L. Best, who is interested in the rich old Ruby gravel mine near Alleghany, passed through Nevada City Thursday enroute to the property.

Mr. Rude, of Rude's Auto Court, near the Nevada City high school, is having a couple of new garages built on the property.

Mrs. Jennie Preston, of the Preston News Stand, is having the front of her property repainted adding much to its attractiveness.

Mrs. Leland Smith has had as house guests her mother, Mrs. Frances Caldwell, and brother, F. W. Caldwell, of Alturas. Mr. Caldwell is with the state highway patrol.

Mr. and Mrs. George Dickenson, who wre married in Reno last Saturday, returned Tuesday evening after a honeymoon spent in Richmond and San Francisco.

S. Lee Leiter, Nevada City merchant, who is in the Jones Memorial hospital, Grass Valley, is getting on nicely.

Mr. and Mrs. Elmo Trewhella, of Alleghany, stopped over in Nevada City this week for a visit with Mrs. Trewhella's sister, Mrs. Lewis Davidson. They have returned from a motor trip of two weeks spent in San Francisco and the state of Washington.

Mrs. Frank Davies has as a guest her sister, Mrs. F. A. Locey, of Vallejo.

Mr. and Mrs. George Fortier and children left Wednesday for their home in Pacific Grove, after a visit of a few days with Mr. Fortier's mother, Mrs. George Fortier, Sr.

Miss Ella Muscardini, of Sacramento, spent last week end with her parents, Mr. and Mrs. J. P. Muscardini, in Nevada City. She was accompanied by Misses Patricia Horan and Mary Early, who were her guests.

Mrs. Arno Browning, who was operated upon recently, is making an improvement in her illness. She is staying at the home of her mother-in-law, Mrs. Annie Browning, in Nevada City.

Miss Annie Byrne, of Grass Valley was calling on Nevada City friends Wednesday.

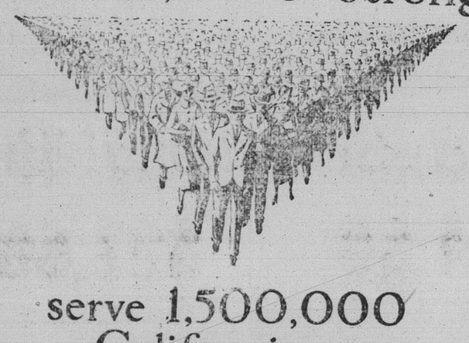
WANTED—Clean rags at the Nugget Office.

BUSINESS MEN PROTEST

A petition signed by ten business me nin the vicinity of Pine and Commercial streets in Nevada City, has been sent to Roy Mitchell of the State Board of Equalization in an attempt to prevent the proposed opening of a beer parlor and pool hall i nthe old Daniels building at the corner of Pine and Commercial streets. The signers claim the establishment would discourage patronage of their businesses.

George Olson is said to be preparing to open a beer parlor in the lower floor of the building.

An *army* of Bankamericans over 6,000 strong



serve 1,500,000 Californians

Officers and employees of Bank of America compose an army 6,000 strong. These men and women—trained in every phase of modern banking—serve 1,500,000 Californians.

What is more, these Bankamericans are your neighbors. They *also* are the good customers of California merchants and manufacturers; they represent a volume of buying power which is directed every month into the channel of California business and agriculture to the direct benefit of the entire state.

Bank with Bank of America,
an *all* California institution.

JUST RECEIVED
A Carload of Stoves

WE CAN NOW SUPPLY YOUR WANTS FOR WINTER WITH A
QUAKER BURNOIL CIRCULATOR HEATER

BETTER HOUSING PROGRAM

After looking over many oil heaters we have chosen the QUAKER for these reasons:

1. The Quaker is the pioneer of oil heaters. They have been building stoves since 1888.
2. Humidified and controlled heat.
3. Adjustable and direct air flow.
4. Built-in large-capacity humidifier.
5. Finger tip controls; no stooping.
6. Clean—no wicks, ashes, soot or cleaning of burners.
7. The most beatiful circulator on the market. We will leave this up to you.
8. The safest oil burner on the market, passed by Good House Keeping and all Fire Underwriters Laboratories.
9. There are more Quaker oil burners in use than any other make.
10. No fumes or smoke.
11. The most economical of all.
12. Very easiest of terms.

NEVADA CITY MAY HAVE COMMUNITY RECREATION CLUB

A community recreation project for Nevada City may become a reality within the next month. This fact was announced by Addison Janes, managing director of the Nevada City Athletic Club after an interview with Mrs. Esterly, SERA administrator for Nevada county.

The plan for the project is to turn the Nevada City Athletic Club into a community club and expand it beyond the athletic status to take in all forms of community recreation. The formation of a dramatic society, a camera club and other such activities are possibilities.

Mrs. Esterly stated that there was a very good possibility of the project being accepted by the SERA authorities. A report is to be submitted to the SERA and its approval awaited.

The formation of a Recreation Board has already been started. The members of this board are to be chosen from the four civic organizations, with the city council puting on its stamp of approval.

The heads of these organizations, the Chamber of Commerce, the Women's Civic Club, the high school P. T. A., and the grammar school P. T. A., have already been approached and expressed their desire to further the project.

To make the project a reality it but remains for the people of Nevada City to do their part. This constitutes providing the hall or gymnasium and necessary equipment for the project.

The acceptance of this project together with the activity of the swimming pool in the summer would give Nevada City a year round recreational program. Such a program would make up for the long neglect of the young people in this city.

M. Ivan Dow was a business visitor in San Francisco, going down Thursday and returning Friday.

MICKIE SAYS—

THE HOME TOWN PAPER PLUGS AWAY FER TH' GOOD OF TH' HOME TOWN, YEAR AFTER YEAR = IT'S THE "BEST TOWN ON EARTH"; TO HEAR TH' EDITOR TELL IT, AND TH' FOLKS ARE "GOD'S OWN PEOPLE" = HE STICKS BY YOU = DO YOU STICK BY HIM?

BUILDERS' EXCHANGE ELECTS PERMANENT BOARD OF DIRECTORS

The Nevada County Builders' Exchange held its regular meeting at the Bret Harte Inn on Tuesday evening. Several new members were accepted and routine business taken care of. The exchange is working towards benefits of more uniform working conditions and greater efficiency in work. A permanent board of directors were selected at this meeting one member from each craft being elected. The board is now composed of: C. Beloud, J. G. Bennett, H. F. Kechley, E. H. Whitburn, G. O'Neill, Ray Menzies, Cliff Dowell, Tom Brown, Fred Foote and L. R. Vernon. The next meeting will be Tuesday night, October, 30.

Mrs. George Fortier has as guests her sister, Mrs. T. H. Limnell, of Woodland and son-in-law, J. W. Howarth, of San Francisco.

EMPRESS MINE NEW MILL READY FOR OPERATION

The test run of the new machinery at the recently constructed Empress mine mill, practically ends the mill construction project, which has been underway for many months and gives the Empress mine one of the best planned, best arranged and efficient new mills of the district. The mill has a capacity of close to 300 tons per day but will operate on a smaller basis for the immediate present. The trial run of new machinery was made last Tuesday with the construction crew and mine staff looking on. Every unit functioned perfectly.

SCALES MINING PROPERTY

S. M. Rutledge, president of the Scales Mining Company, at Scales, above Sierra City, announces the company expects to start operations early in December when sufficient water will be available. The mine is to be worked by hydraulic process with debris being stored behind Bullards Bar Dam.

An eight mile ditch has been dug to the property insuring a large head of water. Rutledge and his engineer, A. Hjort, will leave for their homes in New York in a few days.

VICTORY MINE

The Victory mine, six miles east of Colfax, has in installed a compressor, hoist and pumping plant. A winze has been sunk on a four foot ledge in the old tunnel. Four carloads of ore averaging $40 per ton have been shipped. H. Coufek, J. Johnson and H. Springer, of Reno, have a bond on the property.

SHAFT BORER CONTINES WORK

In a shaft being sunk between the IdahoMaryland and Brunswick shafts, the new shaft driller is now down 114 feet, averaging nine inches per hour in boring operations. A core about five feet wide and over ten feet in length was taken out this week, the largest being taken out so far. Several cores have been seven and eight feet in length in previous work. Five men are employed with J. B. Newson, inventor, in charge.

ROUND MOUNTAIN CHAMPION

H. O. Howard, engineer, in charge of the reopening of the Round Mt. Champion mine in the Blue Tent district, north of Nevada City, has eight men employed. The men are cleaning out the old workings and preparing to develop the property. The Round Mt. mine is owned by Nevada City business men.

The old 117 foot headframe at the Prescott Hill mine, at Grass Valley, was blasted down several days ago. The badly caved 1750 foot incline shaft has been cleaned to the 175 foot level.

Excavation has been started by a crew and tractor for a tool room and clacksmith shop at the Old Brunswick shaft. Shop buildings and a garage are to be built at the New Brunswick shaft. Both mines are a part of the Idaho-Maryland property.

A group composed of William Graham, Charles Luce, Jack Barberi and Henry King have sunk a 120 foot shaft in the old Manzanita Diggings and have now drifted between 200 and 300 feet in an endeavor to pick up the old gravel channel lost when the property caved years ago. The Manzanita Diggings are at the northern city limits of Nevada City.

6 NEVADA COUNTY MARRIAGES IN ONE DAY AT RENO, NEVADA

Six Nevada county couples were married in Reno last Saturday. Those united in marriage on that date were:

Albert Middlewich, 42, and Alma Coats, 39, both of Grass Valley; G. M. Dickinson, 23, of Grass Valley and Audrey Davidson, 20, of Nevada City; Manuel Galino, 21, and Gustine Cicogni, 22, both of Grass Valley; Louis M. Brown, 21, and Edna Thomas, 21, both of Truckee; Telford Oates, 26, of Nevada City and Martha Menzel, 27, of Oakland; Stanley V. Watson, Jr., 25, of Berkeley and Madelyn Jones, 20 of Soda Springs.

BITES THE HELPING HAND

Mrs. G. W. Lintelman, who is at the Davis mine, east of Nevada City, was severely bitten by her Chow dog Tuesday, when she attempted to take porcupine quills from her dog's mouth. She was treated by Dr. B. W. Hummelt and no ill effects are anticipated.

SOCIAL EVENTS

Former Nevada City Girl Married in Woodland

Mrs. Lester Gregory, of Nevada City is in receipt of a letter from her niece, the former Miss Ruth Mezger, of Woodland, in which she tells of her marriage last Sunday to Worthy Vanderford, of that city. Mrs. Vanderford resided in Nevada City with her aunt and family for three years and graduated from the local high school. She was popular with the younger set and has the well wishes of all.

Mrs. Kopp's Sister Leaves for Germany

Mrs. Selma Jordan left last week for a visit in the bay district of a few days before departing for her home in Germany. She has spent the last six months in this section with her sister, Mrs. Karl Kopp and family. During her stay she has seen a large portion of the western United States, and a number of social affairs were held in her honor. She took the boat in San Francisco Wednesday, going by the Panama Canal.

Her niece, Mrs. Joe Sereseto, of Oakland, entertained at a picnic in the afternoon and a reception in the evening in her honor and on the eve of her departure. Mr. and Mrs. Karl Kopp and Mr. and Mrs. Louis Kopp spent several days in the bay district while Mrs. Jordan was there.

Evangeline Chapter To Hold Election

Evangeline Chapter, O. E. S., will hold election of officers at their next meeting, Tuesday, November 6th.

Mrs. Lyda Talbot, associate matron, who has just returned from Grand Chapter in San Francisco, will give her report. She found Grand Chapter very fine this year. Several prominent speakers gave addresses, among them being Governor Merriam. Mrs. Minnie B. Collins of San Francisco, was elected Grand Matron. The district deputy grand matron, for this district, was chosen from Penryn, this year.

Elks' Initiation

Tonight will be a big night at Nevada City Lodge of Elks. Nine candidates will be initiated. After the initiation a good supper is promised by the committee in charge.

IRIS IN BLOSSOM

Mrs. M. Dickerman, of Dickerman's Drug Store, has on display the second spray of beautiful, deep purple iris, the flowers usually appearing in the early spring. The flowers are full and large and are creating a lot of attention. She said she had noticed several more stalks ready to bloom, in her yard and is unable to explain the unusual flowering.

WANTED—Clean rags at the Nugget Office.

Personal

Mr. and Mrs. Carl Tobiassen, who have been ill with influenza, are both recovering and expect to be about in a few days.

Mr. and Mrs. Al Williams and children spent Sunday visiting some friends in Wilton and Sacramento.

Mrs. Lyda Talbot and mother, Mrs. Mainhart, returned a few days ago from a visit with relatives in San Francisco.

Harris Drug Store has a most attractive display of Hallowe'en black cats, masks, owls and pumpkins.

Mrs. I. L. Putnam, of Yuba City, was a Nevada City visitor Thursday.

Mrs. Florence Evans, who has been quite ill for a number of weeks, is making steady improvement from her severe illness.

Mrs. A. M. Lattin has purchased a truck load of materials and fixtures for a new building on the property near the high school where she has built one house and remodeled another.

Elza Kilroy, Nevada City postal clerk, was able to return to work Thursday having been confined to his home with the flu for a few days.

Phil Solaro, who has been ill for a time, is improving which is good news to his many friends.

LUMBER TALKS

"I'm going to have a coat of Paint,"
Bragged one house to another;
"And I, a New Roof and a Porch,"
Exclaimed a lucky brother.
"I," said a third, "shall have the things
For which my inmates hanker—
My Master's gone to get a Loan
From his own Home Town Banker."
—A. M. C.

WE ARE CO-OPERATING BETTER HOUSING PROGRAM

The new Housing Program is in full swing, and for those who have not as yet joined it, we suggest the following course of action:

Interview your Home; it will tell you of its deficiencies in no uncertain terms, and will suggest Improvements and innovations designed to restore its appearance, and enhance its comforts and conveniences.

Next figure the costs of desired improvements. Your contractor banker or material merchant will willing consult with you, if consultation is necessary.

The next step will be a visit with the banker, and the securing of the necessary loan, as provided for in the Housing Act.

Materials are of course your next consideration, and The Nevada County Lumber Company carries in stock a diversified supply of

Paint, Hardware, Lumber, Wallboard, Cement, etc.,

Our materials are graded and among them you cannot fail to find those which meet your requirements. Our Service will save your time and conserve your temper. Courteous treatment is assured whether you buy a single board or a carload.

Now you are ready for the grand adventure of restoration and you will surely be delighted with the results. That newly

Painted Roof, the Built-in Bookcase,

Any touch of added beauty or utility, will repay you for the time and effort expended, increase your pride of possession, beside adding to the business activity of your town or county, and so speeding up the return of the hoped for

Prosperity.

Our Materials and Service are ready to join the Parade. What can we do to help YOU?
